## The Palais

It's a luxury to enjoy both a sense of seclusion and a sense of connection. The Palais is conveniently accessible to both the CBD and the airport.

These one and two bedroom apartments are contained within three well-articulated boutique buildings forming a horseshoe shape around a beautifully landscaped courtyard garden. This clever configuration draws light into each apartment and optimises cross ventilation. Different levels, including deep balconies, winter gardens and two rooftop terraces with communal BBQ areas and seating areas, allow you to see the street from all angles.

Each apartment enjoys warm timber flooring, brushed stainless-steel details, and a carefully selected materials palette. Entertaining spaces all have floor to ceiling glazing bathing them in sunshine, creating a seamless transition from the indoors to the generous outdoor areas.

Nothing compares to the Village vibrancy. There are cafes and supermarkets conveniently located at your door, so you'll never be caught short. Lively social interaction is never far away either, with the bustling Brighton-Le-Sands restaurant precinct within just a few minutes' drive. Hip espresso bars, multi-cultural eateries and popular waterfront establishments attract a vibrant, eclectic crowd of locals and visitors by day and night.

Enliven Housing brings to market eleven high quality apartments peppered throughout this stylish residential development. Enliven Housing will support Improved Liveability, Fully Accessible and High Physical Support categories in a selection of nine two-bedroom and two one-bedroom apartments.

Enliven Housing incorporates adjustable bench top kitchens, adjustable basins in bathrooms, wheelchair accessible private outdoor areas.
