

NDIS SDA Eligibility Assessment Checklist

Use this checklist to see if you may meet the NDIS criteria for Specialist Disability Accommodation (SDA) funding.

	I am an NDIS participant or currently applying.
	I have an extreme functional impairment that significantly affects my daily living.
	I require ongoing support that cannot be effectively provided in standard housing.
	My current housing does not meet my disability-related needs.
	I would benefit from specialist housing features that improve safety, accessibility or independence.
	I have evidence from an Occupational Therapist, Allied Health Professional or Specialist Assessor supporting my housing needs.
	My support requirements are likely to be ongoing and long-term.
	SDA is likely to provide a better outcome than alternative housing solutions.

If you answered “yes” to most of these questions, you may be eligible for SDA funding and should discuss your options with your support coordinator, planner or housing specialist.
